

# Spartanburg School District Three

Steeped in History . . . Focused on the Future

Dear Parents, Teachers, and Employees:

In compliance with the Asbestos Hazard Emergency Response Act (AHERA), our district contracted the services of AAA Environmental Services to inspect our schools for the presence of asbestos. We have received a Management Plan from this firm that documents the findings of their inspection and complies with all of the criterion required by both the State of South Carolina and the Environmental Protection Agency. This plan is available for inspection to representatives of EPA and the State, the public, including parents, teachers, and other school personnel and their representatives as required by the AHERA Rule in our administrative offices located at 3535 Clifton Glendale Road.

If a copy of this report is desired, it will be provided for the reasonable cost of \$.10 per page. Any questions concerning the Management Plan should be addressed to Mr. Bill McPherson, located at the administrative offices, who will be serving as our LEA Designee. You will be notified of any further asbestos related developments as the need arises.

Sincerely,

Bill McPherson

Director of Facilities and Grounds
